25X1X

1. The radio jamming transmitter in Vratslavice (504AN-1506B) has a power output of 50 kilowatts. It is controlled by the Army and is used only to jam Czech language broadcasts from Western countries. Between the jamming signal, the station sends its SW identification sign.
2. The guard, commanded by a sergeant, is relieved every four or five days.

25X1A  
25X1A

This is probably identical with the jamming station reported in [REDACTED] as being located on Jested hill near Liberec (O 51/G 16). Jested hill is about eight km. west of [REDACTED] Bratislavice and about the same distance southwest of Liberec.
